PURPOSE: To formally transfer responsibility of Order No. 94-05 to Mr. Larry Tardie, principle shareholder of All Seasons RV Park, LLC.

PUBLIC NOTICE: The Regional Board Agenda Notice was mailed on April 24, 2003 and has been posted on the Regional Board web page. This notification satisfies the requirements pursuant to Sate Government Code Section 11125 for a 10-day notice.

DISCUSSION: Order No. 94-05 specifies requirements for Mr. Martin S. Zaunich to discharge up to 8,040 gallons per day (gpd) of treated wastewater to groundwater of the Bonsall Hydrographic Subarea via injection wells located in Moosa Canyon. All Seasons Campground is located at 30012 Old Highway 395, Escondido, in the San Luis Rey Hydrologic Unit. This facility consists of 108 recreational vehicle sites with full hookups and two bath houses.

The wastewater treatment consists of a 8,040 gpd design capacity extended aeration package-type secondary treatment plant and filtration and chlorination facilities. The treated effluent is gravity flow injected into the ground via one of three injection wells. Only one well is utilized at a time. Sewage sludge generated at the campground is composted onsite and sent to the Moosa Canyon Waste Water Treatment Plant.

A Report of Waste Discharge was received on April 11, 2003, which stated that All Seasons RV Park, LLC, Mr. Larry Tardie was the new owner and the facility was renamed All Seasons RV Park.

Tentative Addendum No. 1 to Order No. 94-05 would, if adopted, identify All Seasons RV Park, LLC, Mr. Larry Tardie as the discharger responsible for compliance with Order No. 94-05.
